Designer

Marcel Wanders

Regarded by many as an anomaly in the design world, Marcel has made it his mission to “create an environment of love, live with passion and make our most exciting dreams come true”. His work excites, provokes, and polarises, but never fails to surprise due to its ingenuity, daring and singular quest to uplift the human spirit, and entertain.

In his designs, Marcel often mixes innovative materials and techniques with references to well known historical styles and archetypes, so users can easily connect to the pieces, enjoying them for a long time and in doing so create sustainable surroundings.

Marcel’s chief concern is to bring the human

touch back to design, ushering in what he calls design’s ‘new age;’ in which designer, craftsperson and user are reunited.
