Art. nr.	Frame	Top
TV1110	polished die-cast aluminium	polished aluminium

Frame + Top	Top thickness
 polished aluminium	aluminium: 20 mm

 As die-cast aluminium is not treated with any chemical products or any kind of painting, small marks or irregularities, which might be visible on the surface, should not be considered as faults, but on the contrary as technical results of the nature of aluminium itself. We recommend using specific cleaning products for aluminium. Aluminium is very likely to dull while using. Regular care is therefore necessary to maintain its original appearance.
