

Puppy

design **Eero Aarnio** / 2005

Created by Eero Aarnio, master of Scandinavian design culture and innovator on the international scene ever since the sixties, Puppy is a little dog as imagined by the great designer, whose aim was to see through children's eyes when they draw puppies. A head, a body and legs: essential, rounded shapes that come to life in a friendly, playful, durable and colourful object. Made of polyethylene, and produced using rotational moulding, the piece is guaranteed to be both sturdy and lightweight, ready for endless moments of play and fun, both in the house and out of doors. Puppy comes in orange, white, green and "dalmatian", and in four different sizes, all made to measure for children, their tastes and their spaces.
