

Little Flare — design Marcel Wanders, 2005

Little Flare is a versatile table for children which can be personalised as needed: tops of different sizes can be combined and a white top and two with different decorations can be selected. However the feature that makes this piece unique are the hollow and open legs in clear polycarbonate, in which children

## Designer

**Marcel Wanders**

Regarded by many as an anomaly in the design world, Marcel has made it his mission to “create an environment of love, live with passion and make our most exciting dreams come true”. His work excites, provokes, and polarises, but never fails to surprise due to its ingenuity, daring and singular quest to uplift the human spirit, and entertain.

In his designs, Marcel often mixes innovative materials and techniques with references to well known historical styles and archetypes, so users can easily connect to the pieces, enjoying them for a long time and in doing so create sustainable surroundings.

Marcel’s chief concern is to bring the human touch back to design, ushering in what he

calls design’s ‘new age;’ in which designer, craftsperson and user are reunited.
