

Tyke - The Wild Bunch

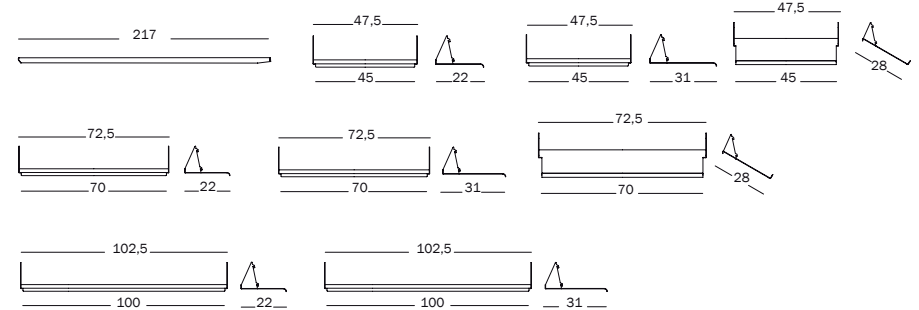

design Konstantin Grcic / 2013

Tyke is a modular bookcase from Konstantin Grcic's The Wild Bunch collection. Tyke structure comprises uprights in steel tube painted in polyester powder that lean gently against the wall and support the steel plated shelves, again painted in polyester powder. They come in a range of lengths and depths, and can be attached to the structure at different heights, to suit individual requirements. A bookcase that offers flexible management of dimensions and spaces, adapting perfectly to modern settings.
